# Aerosol Water Displacer

**FOR CORRECTION AND PROTECTION**

**Displaces Moisture, Seals out Water,  
Protects from Corrosion.**

**For Electrical and Mechanical Fittings**

Never before has there been a moisture displacing liquid with such outstanding protective capabilities.

Cyndan Aerosol Water Displacer is unlike many similar products of its type on the market. Cyndan Aerosol Water Displacer was not formulated for the mass handyman market and then sold to heavy industrial sites. Cyndan Aerosol Water Displacer has been formulated for industry with the extra protection needed to combat the heavy moisture damage experienced in the work place.

- Penetrates, Lubricates and Displaces Moisture.
- Displaces moisture and leaves a residual film to protect against future water penetration.
- Safe to use on all surfaces whether metal, plastic or rubber.
- Lubricates close fitting parts reducing squeaks and friction. Also protects from corrosion and wear.
