CORROSIVE

8

ALUMINIUM BRIGHTENER

Brightens, Cleans, Restores & Oxidizes

Dull, Soiled and Blemished Aluminium, Stainless Steel and other Metals

DIRECTIONS:

CYNDAN[®] ALU-CLEAN should be diluted with up to 20 parts of water. This mixed solution should be applied with a brush and worked onto the surface to be cleaned by working from the bottom up. Allow the it to penetrate the dirt and corrosion for 1 - 2 minutes. Rinse off with water and assist any dirt to be removed with a brush.

It may be used in stronger solutions but testing should always take place to gauge reaction.

It can be used to clean air-conditioning condensers and may be flushed through systems at no less than 1 part Cyndan ALU Clean with 10 parts water solutions. Avoid contact with porcelain, glass and polished aluminium surfaces in heavily concentrated forms.

SAFETY:

Corrosive. Avoid contact with eyes and skin. Wear protective clothing, gloves and eye protection.

FIRST AID:

If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes. If skin contact occurs, remove contaminated clothing and rinse for 15 minutes with soap and water. Ensure clothing is washed thoroughly before using again.
