

ANTI SLIP TREATMENT

Safer when wet

Does not peel

Last up to 5 years

Exceeds safety standards

Anti Slip Floor Treatment

Cyndan Anti Slip Treatment is not a coating. Therefore it will not delaminate, yellow, or wear off, as other coatings do. One application will last for up to 5 years even under high traffic.

When applied according to instructions, the treated floor surface when wet will comply with the Australian Standard safety level outlined in AS/NZS 4586:2004. (Wet Pendulum Test having mean BPN values between 45 - 70, Co-Efficient or Friction exceeding 0.6 for most areas).

Cyndan Anti Slip Treatment is ideal for tiled applications in foyers, showers, bathrooms, kitchens, pool surrounds, commercial kitchens, food processing plants, hotels, hospitals, fitness clubs and any other 'slippery when wet' hard floor areas.

Use on Glazed ceramic tiles, vitrified tiles, polished granite, terrazzo, quarry tiles, concrete, slate, porcelain bath tubs, and other hard floor surfaces.

Cyndan Anti Slip Treatment should be applied by trained professionals to ensure safety standards are met.

Use on:

- ✓ foyers
- ✓ bathrooms
- ✓ granite/marble
- ✓ terrazzo
- ✓ food processing areas
- ✓ public areas
- ✓ bath tubs
- ✓ pool surrounds
