

CAUTION Keep out of reach of children
Read safety directions before using

Almost everyone has had dry or chapped skin. In the work place this is sometimes more prevalent due to exposure to various items and substances that irritate the skin. Cyndan Barrier Cream has been formulated to protect and nourish the skin under the extreme conditions found in the work place.

DIRECTIONS FOR USE:

SHAKE WELL BEFORE USE

Please note that if the can is not shaken well before use a clear liquid will be the first discharge from the can.

Apply a small amount of Cyndan Barrier Cream to the skin. Rub into the skin before, after and during the work day.

SAFETY & FIRST AID:

WARNING: Intentional misuse by deliberately concentrating and inhaling contents can be harmful or fatal.

CAUTION: HIGHLY FLAMMABLE
Contents under pressure. DO NOT spray near fire or open flame. DO NOT puncture or incinerate can. Avoid prolonged exposure to sunlight. DO NOT store at temperatures over 50°C. Use with adequate ventilation. Avoid prolonged breathing of vapour or repeated contact with skin.

CYNDANTM

BARRIER CREAM

Protective Skin Cream For Hands
For Industrial & Commercial Use
Low Fragrance (Orange)

Assists in the relief of dry and irritated skin caused by roughness and flaking, pruritus and workplace contamination.

Ideal for Mechanics, Machinists, Office staff, Labourers, Painters, Drivers, Cleaners, Miners, Catering staff etc.

Cyndan Barrier Cream provides protection via beneficial skin additives.

Barrier Cream provides outstanding protection for hands against workplace related contaminants.

Due to high concentrations of beneficial oils only small quantities are required to achieve excellent results.

Less downtime is achieved due to staff absenteeism being reduced because of fewer skin related ailments.

As Cyndan Barrier Cream is compounded for industrial applications, it provides for greater protection than skin creams prepared for the domestic market.
