BLEACH

12.5% SODIUM HYPOCHLORITE

UN 1760 HAZCHEM CODE 2X PACKAGING GROUP II

CYNDAN* brings to its customers commercial/industrial grade bleach for the sanitizing and cleaning of the workplace. This premium grade CYNDAN* BLEACH is ideal for difficult jobs and can be used to clean garbage bins, brightening fabrics in the wash and for fresher, cleaner bathrooms. CYNDAN* BLEACH removes stubborn stains and mildew around shower screens and basins. Built up dirt on grouting between tiles is easily removed with CYNDAN* BLEACH. CYNDAN* BLEACH can be used to maintain cleanliness around refrigerators, stoves, dishwashers and benchtops. It is effective in sterilizing and cleaning china, plastic ware and utensils such as mops and squeegees.

DIRECTIONS:

For the general cleaning of stubborn stains and for the removal of unpleasant odours, mix 200mls of CYNDAN* BLEACH in a 15L bucket of water. Apply this solution to rubbish bins, bathroom tiles and any other surface to be cleaned. Wipe off and rinse. The addition of some detergent such as CYNDAN* SQUEAKY CLEAN can assist in this cleaning operation. For cleaning around the kitchen on appliances and for plastic utensils dilute 50ml of CYNDAN* BLEACH to a 15L bucket of water. Plastic utensils can be soaked in this solution.

SAFETY: Corrosive. Avoid contact with eyes and skin. Wear protective clothing, gloves and eye protection.

FIRST AID: If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes. If skin contact occurs, remove contaminated clothing and rinse for 15 minutes with soap and water. Ensure clothing is washed thoroughly before using again.
