# BREAK UP

A Natural Renewable Resource Based Quick Break Degreaser  
320g/L LIQUID HYDROCARBON

Cyndan Break Up is a heavy duty solvent that can be used in all industries to remove wet grease, heavy oil stains, tar, waxes and inks.

## **DIRECTIONS FOR USE:**

In most cases, use Cyndan Break Up neat. Spray or brush onto a dry surface, allow a few minutes for penetration, (agitate very soiled surfaces), rinse off with hot or cold water. For a more economical degrease Cyndan Break Up can be diluted with 3 parts solvent (e.g. kerosene). As with all degreasers a test sample should be tried on an inconspicuous section to assess surface compatibility.

## **SAFETY DIRECTIONS:**

DO NOT swallow. DO NOT use near naked flame. Use in well ventilated areas. Use safety equipment at all times.

## **FIRST AID:**

If poisoning occurs, contact a doctor or Poisons Information Centre on 13 11 26 (Australia); 0800 764 766 (New Zealand). If swallowed, DO NOT induce vomiting, give a glass of water. If product gets into eyes, hold eyelids open and flush with water for at least 15 minutes, seek medical attention. If on skin, remove contaminated clothing and wash skin with soap and water. If inhaled, seek fresh air.
