

# CLEAN 'N' GUARD

Cleans 'n guards against:

Fingerprints  
watermarks  
dirt & oil  
smudges &  
scratches

## Cleans and Protects

**Cyndan Clean 'n' Guard**, when applied, leaves a microscopic protective film which repels water, dirt, oils, smudges, fingermarks and scratches.

Cyndan Clean 'n' Guard is a silicone emulsion which will protect any surface which has been treated, providing a reduction in the need for future maintenance and damage. Effective on painted surfaces, chrome, glass, stainless steel, mirrors, vinyl, leather, laminates, polished stone, fibreglass, perspex and more.

It is useful on high gloss surfaces to remove fingerprints, prevent them and make the further removal of them easier. It offers a streak free, non-greasy finish. Uses include gaming machines, photocopier glass (for crystal clear copies), high gloss surfaces (reception desks), glass doors, chrome door handles, and more...

May be used in the treatment of transport, farm, aviation and marine glass panels. Clean 'n' guard provides anti static properties to the applied surface reducing static electrical charge making it ideal for TV & computer screens, stainless steel lifts and appliances.

Available in a 400gm aerosol.

*Use on:*

- ✓ **Chrome**
- ✓ **Glass**
- ✓ **Appliances**
- ✓ **Stainless steel**
- ✓ **Mirrors**
- ✓ **Vinyl**
- ✓ **Laminate**
- ✓ **Plastics**
- ✓ **and more ...**
