# DEODA-CLEAN

CONCENTRATED CLEANER AND DEODORISER (NEUTRAL PH)

This versatile, multi purpose cleaner can be used on any surface and at any desired strength. Whilst cleaning you will be totally deodorising the cleaned surface for complete hygiene. A residual fragrance for lasting freshness will remain.

**DIRECTIONS:**

Deoda-Clean is extremely versatile due to its many applications. Dilute Cyndan Deoda-Clean to any desired concentration. One part Cyndan Deoda-Clean with 5 parts water provides a strong grease cutter. 1 part Cyndan Deoda-Clean with 20 parts water is an effective all purpose cleaner. Breaking down Cyndan Deoda-Clean with 100 parts of water results in a general purpose detergent. Cyndan's Chapin 2179 Air Sprayer is an ideal applicator. Contact your Cyndan representative for a demonstration of this applicator.

**SAFETY:** Avoid contact with eyes.

**FIRST AID:** If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes.
