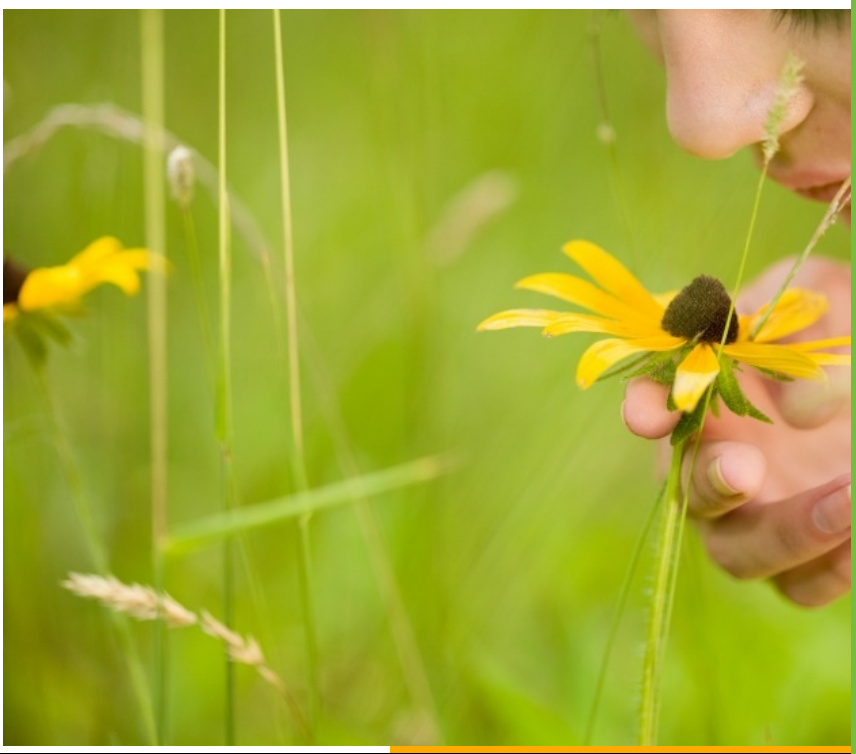
DOME AIR SANITISER

NO Electrics
NO Batteries
NO Noise
NO CFC's
Continual Fragrance
Vandal Resistant



Reduce Your Carbon Footprint

part of the CYNDAN Green Range

Economical, Effective & Simple Air Sanitising Unit

Cyndan Dome Air Sanitiser Unit has been developed to effectively control unpleasant odours in commercial areas. The Cyndan Dome Air Sanitiser is fitted with an odour eradicating compound AIRET. The unique design of the chrome dome allows for efficient flow of air through the dome providing the best possible results.

The dome does not require electricity or batteries. It is noiseless and does not emit CFC's. It provides a continual natural fragrance and is resistant to vandalism.

Due to it's simplicity, it is great for use in kitchens, cellars, locker rooms, garbage rooms, toilets and any other environment requiring odour control.

Lasts up to 8 weeks before the recyclable wick needs replacing.
