ECONO 901

Degreasing Solvent 785 g/L Hydrocarbon

CYNDAN* ECONO 901 is a ready to use Heavy Duty Degreaser that is water soluble leaving the cleaned surface totally clean and non-greasy. CYNDAN* ECONO 901 will remove grease, oils, wax, tar and is compatible with most surfaces. Testing is advised to determine surface compatibility.

CYNDAN* ECONO 901 has been tested by a NATA Accredited Laboratory as having an average Electric Strength of 46 kV. Care should be taken with electrical equipment and it is advised that equipment be shut down for maintenance work and cleaning.

DIRECTIONS:

For heavy built up grease and oils CYNDAN* ECONO 901 should be used neat. Spray CYNDAN* ECONO 901 on to the surface to be cleaned then brush. Rinse with high-pressure water or air whichever is appropriate for the application. Brushing is not always necessary. 1 part CYNDAN* ECONO 901 may be diluted with 3 parts of another solvent, such as kerosene. If the build up is minimal CYNDAN* ECONO 901 can be diluted with up to 10 parts of solvent. CYNDAN* ECONO 901 makes an excellent parts dip soaking degreaser and can be diluted with 5 parts of solvent to 1 part CYNDAN* ECONO 901. Pre-delivery wax can be removed from vehicles using 1 part CYNDAN* ECONO 901 with up to 7 parts solvent. CYNDAN* ECONO 901 should be sprayed on the pre-delivery wax and left a few minutes and hosed off with a high-pressure water. CYNDAN* ECONO 901 can be applied by cloth to areas missed or that prove stubborn. Concrete Floors can be cleaned using CYNDAN* ECONO 901 neat. Spray the CYNDAN* ECONO 901 on to the concrete floor and brush. Rinse off with high-pressure water.

SAFETY: Avoid contact with eyes.

FIRST AID: If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes.
