

CAUTION Keep out of reach of children
Read safety directions before opening

Graffiti Armour

Semi Gloss non sacrificial anti-graffiti coating

Graffiti Armour is a ultra high performance, non sacrificial, one component ready to use coating that cures with atmospheric moisture. Can be applied to masonry, metal and other suitable surfaces.

DIRECTIONS:

All surfaces must be clean, dry and in sound condition before application. Can be applied by roller, brush or airless spray (3200 psi). Clean up with GRAFITTI ARMOUR SOLVENT.

Must be cured for a minimum of 7 days before optimum protection level has been reached. Disturbance of the coating whilst drying, may alter it's effectiveness, but once 'rub dry' it has proven effective.

Seal opened cans asap after using as product will start to cure when exposed to humidity in the air. Consult Application Bulletin and TDS for further application and product information.

SAFETY: Avoid contact with eyes.

FIRST AID: If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes.
