GREEN GEL

A WATER SOLUBLE BIODEGRADABLE, NON TOXIC, PAINT, GREASE, INK AND CARBON REMOVER

CYNDAN* GREEN GEL is a Gel that will adhere to vertical surfaces and can be used to removed unwanted paint, ink and grease spots from porous surfaces as unpainted masonry, stone and brickwork.

DIRECTIONS:

Apply CYNDAN* GREEN GEL with a brush applying liberal amounts to enable proper surface penetration. Allow time to work and remove using a High Pressure Water Cleaner. It is strongly recommended that a trial be carried out on an inconspicuous section of the surface to assess surface compatibility. To remove unwanted paints and inks from painted surfaces we suggest CYNDAN* GREEN SOLVE be used. (Please contact your Cyndan* Distributor to arrange a demonstration.) CYNDAN* GREEN GEL can be used to remove unwanted paints and inks from prepainted surfaces if care is exercised. Apply a small amount of CYNDAN* GREEN GEL to a clean cloth and carefully wipe the surface to be cleaned removing the unwanted paint and ink. Rinse the cleaned surface thoroughly with water.

SAFETY: Avoid contact with eyes.

FIRST AID: If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes.
