

INSAKILL

PEST CONTROL

LOW IRRITANT

NON-TOXIC

NON AEROSOL

Non-residual, concentrated insecticide for the killing of crawling & flying insects on contact.

Cyndan INSAKILL comes in two formulas which consists of four separate active constituents. This variation prevents insect immunity and allows for complete eradication of all unwanted insect pests.

Water based INSAKILL with Pyrethrins and Piperonyl Butoxide has specially selected surfactants, which allow for rapid and deep penetration into the insects coat. It has a pleasant odour and is ideal for indoor applications.

Solvent based INSAKILL contains the well proven actives, Tetramethrin and Bioresmethrin, both of which are present in commercial/industrial volumes in order to provide great results in the industrial workplace.

*EFFECTIVE AGAINST
the most resistant insects
such as:*

Cockroaches
Silverfish
Fleas
Weevils
Spiders
Ants
Moths
Flies
Mosquitos
& more

For use with our:
