LAUNDRY POWDER WITH ENZYMES

CONCENTRATED ENZYME BOOSTED LAUNDRY POWDER

- The key to unlocking stains and grime.
- Also contains soil suspending agents, water softeners and breaking down agents.
- Conforms with industry standard on phosphorous which imposes a maximum of 7.8g phosphorous per wash. The level in this product is approx. 1.8g/wash.
- May be used in either hot or cold water. Do not use bleach with product.

DIRECTIONS:

Top Loading Machines: 1 scoop normal load, 1-1/2 scoops large or heavily soiled loads

Front Loading Machines: Use 2/3 dosing recommended for top loading automatics

Soaking: 1/2 scoop with 7 litres of water. For old or extremely stubborn stains, soaking will give enzymes more time to work. Soak for at least one hour, or even better overnight.

SAFETY: Avoid contact with eyes.

FIRST AID: If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes.
