

THE CYNDAN* COMMERCIAL AND INDUSTRIAL LAUNDRY PRODUCT RANGE

The Cyndan* Laundry Product Range has been manufactured to tackle the toughest soiling encountered with uniforms, overalls, workwear and all associated cloth accessories such as aprons, towels, bibs, rags, etc.

Each product is delicately balanced to achieve superb performance whilst avoiding enviro-pollutant waste water byproducts.

THE CLEANERS

CYNDAN* LAUNDRY POWDER

You can trust Cyndan* Laundry Powder for a cleaner, whiter and brighter performance at a realistic price. Our powerful alkaline salts remove stubborn everyday stains including ground-in dirt and grime. Ideal for cold and hot wash applications.

Phosphorus is unkind to nature and an agreed industry standard on the phosphorus content of all laundry detergents imposes a maximum content of 7.8 grams per wash. The level of phosphorus in Cyndan* Laundry Powder is 1.7 grams per wash. This is 3 times less than the standard and half the amount of some leading retail brands.

CYNDAN* LAUNDRY POWDER WITH ENZYMES

This product is on the cutting edge of enzyme enriched laundry powder technology. Contains surfactants for lifting dirt from clothes and soil disperses to leave your laundry bright, clean and fresh.

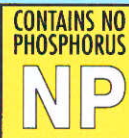

Cyndan* Laundry Powder With Enzymes is a super strength concentrated laundry powder specially formulated to meet your laundry needs. The highly effective Enzyme-Plus penetrates deeply yet gently into fabrics to thoroughly remove stubborn stains.

An agreed industry standard on the phosphorus content of all laundry detergents imposes a maximum content of 7.8 grams per wash. The level of phosphorus in Cyndan* Laundry Powder With Enzymes is 1.79 grams per wash. This is 3 times less than the standard and half the amount of some leading retail brands.

CYNDAN* LAUNDRY LIQUID WITH ENZYMES

Cyndan* Laundry Liquid is a powerful formula that removes dirt, stains and odours leaving your clothes bright, clean and fresh. This product uniquely boasts a nil phosphorus and phosphate content and is biodegradable. This is an outstanding contribution to responsible environmental management. This Cyndan* formula with enhanced optical brighteners improves clothing appearance. Suitable for all machines and water conditions.

CYNDAN* OXY SOAK POWDER

Cyndan* Oxy-Soak is a biodegradable stain soaker which whitens whites and hygienically sanitizes all soiled laundry.

Oxygen boosted with Sodium Peborate for a whiter wash. Cyndan* Oxy-Soak Powder is also colour-safe. 33 soaks per kilo bring to your laundry budget a welcome relief from other expensive products. Again Cyndan*'s product outperforms other products when it comes to it's nature caring formula.

An agreed industry standard on the phosphorus content of all laundry detergents imposes a maximum content of 7.8 Grams per wash. The level of phosphorus in Cyndan* Oxy-Soak Powder is 1.7 grams per wash. This is 3 times less than the standard and half the amount of some leading retail brands.

Cyndan* Oxy-Soak Powder is also an ideal product for the pre-soaking of nappies. When used as a complete nappy treatment, it will clean, soften and sanitize.

IDEAL FOR THE WORKPLACE AND HOME

PHOSPHORUS AND PHOSPHATE FREE

CYNDAN* WOOLWASH

Cyndan* has taken the delicate cleaning action of a hair shampoo as the base for its wool wash formula. Woolens, like human hair, require a thorough cleansing yet need to be protected from harsh chemical solvents and caustics. The result of this research breakthrough is a more effective wash with little deterioration to your clothing. As already mentioned Cyndan* Wool Wash is phosphorus and phosphate free and like our other laundry products is biodegradable.

AVAILABLE IN CONVENIENT
1 LITRE OR
1 KILO
PACKS . . .

Each of the Cyndan* Laundry Products is available in these ideal pack sizes for distribution to work sites or for domestic use.

These products are labelled under the Cyndan* Aussichem label.

CYNDAN* FABRIC SOFTENER

Cyndan* Fabric Softener will leave a lasting freshness as it conditions the fabric of your garments. This conditioning eases ironing and folding operation. Cyndan* Fabric Softener has been specially formulated for a softer, fresher wash. Pleasantly fragranced with natural botanical essences. Containing no phosphorus or phosphate means you can enjoy the benefits of this product without the disadvantages often associated with non-environmentally responsible products.
