

# PROTECTS CONCRETE, BRICKS AND OTHER MASONRY SURFACES FROM OIL, ACIDS, WATER AND OTHER CONTAMINATES

**CYNDAN\***

# Masonry Sealer

- Prevents dusting and deterioration of masonry surfaces, new and old
- Beautifies and maintains
- Seals and hardens all masonry surfaces, vertical and horizontal
- Penetrates the surface deeply to provide a lasting and complete protection
- Resists acids, alkalis, grease, oil and water

• Masonry Sealer has been successfully used as a clear coating over hazard safety lines in warehouse and factory areas. When applied Masonry Sealer protects the marking from wear thus extending it's life and use. This application of Masonry Sealer avoids the need of constant reapplication of safety markings thus enhancing the safety of the work place.

• Recommended for workshop floors, tiled bathroom and shower block areas including urinal steps, car park floors, meat, fish and food processing work areas.

• Prevents the absorption of unwanted substances into masonry surfaces thus eliminating foul odours, unsightly staining and slip.

## FOUR SAFETY COLOURS

CYNDAN\* Masonry Sealer is available in four standard colours which are ideal for safety markings and concealing badly stained floors which cannot be cleaned. All colours on a current Dulux colour chart can be prepared. Please ask your Cyndan\* representative for details.

Colours are a guide only and variances in shade may occur from batch to batch.

## NON SLIP ADDITIVE

If a non slip surface is required please ask your Cyndan\* representative to order Cyndan\* Non Slip Additive with your Masonry Sealer order.

This product is approved for use in registered export meat establishments.
