MULTI MATE

120g/L POTASSIUM HYDROXIDE

UN 1760 HAZCHEM CODE 2X PACKAGING GROUP III

Heavy Duty Industrial Cleaner

CYNDAN* MULTI MATE is a very powerful, heavy duty industrial cleaner with many applications. It will remove grease, oil and dirt with ease when diluted with water. It is very effective when applied through a pressure washer or steam cleaner. Being a liquid and water soluble it will not clog machine lines.

DIRECTIONS:

CYNDAN* MULTI MATE may be diluted with as much as 100 parts of water, begin with this dilution and if extra potency is required increase the amount of CYNDAN* MULTI MATE as required.

CYNDAN* MULTI MATE will clean metal, masonry and painted surfaces. Care should be taken with some painted and glass surfaces and aluminium. Test your dilution with the surface to be cleaned. Rinse product contacting surfaces with water after use.

Testing is advisable on some paint work. Due to the poor quality of some paints damage may occur.

Avoid contact with aluminium.

SAFETY: Corrosive. Avoid contact with eyes and skin. Wear protective clothing, gloves and eye protection.

FIRST AID:

If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes. If skin contact occurs, remove contaminated clothing and rinse for 15 minutes with soap and water. Ensure clothing is washed thoroughly before using again.
