

MY T HANDS

Solvent Free Hand Cleaning & Sanitising Lotion with Grit
1% QUATERNARY AMMONIUM COMPOUND

Cyndan My T Hands effectively removes industrial and automotive grease, oil and grime without the need for solvents. It contains 1.5% Quaternary Ammonium Compound which is effective against Gram Positive and Gram Negative bacteria such as Staphylococcus Aureus and Escherichia Coli (E. Coli). It also contains a fine Grit which helps remove the stubborn grease.

DIRECTIONS FOR USE:

Apply a small amount of Cyndan My T Hands to the hands and rub in well. Rinse off with water and wipe dry.

May be diluted with 1 part water for a more economical clean, however a better clean is achieved when used as a concentrate. May be used in a Cyndan Pump Dispenser.

To protect cleaned hands, an application of Cyndan Barrier Cream is recommended. Please see your Cyndan consultant for more information.
