POWER SOLVE

WATER SOLUBLE INDUSTRIAL SOLVENT

Cyndan Power Solve is a totally biodegradable, non flammable industrial solvent. No film or residue is left when Cyndan Power Solve is used thus cutting down on valuable cleaning time. Removes grease, carbon, inks, oils and creosote from all surfaces.

DIRECTIONS:

Recommended average strength 1 part Cyndan Power Solve with 15 parts water. May be used stronger or weaker as required. Mop, spray, brush or wipe the surface to be cleaned. Allow a couple of minutes penetration. Then rinse with water.

Note: A heavy solution can cause etching on polished surfaces, ie. glass and staining of anodized aluminum and should be rinsed off quickly.

SAFETY: Avoid contact with eyes.

FIRST AID: If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes.
