RAPID EVAPORATING DEGREASER

ACTIVE CONSTITUENT: 1000G/KG TETRACHLOROETHYLENE

Cyndan Rapid Evaporating Degreaser is an excellent degreasing fluid which evaporates almost instantly, leaving no oily residue. Ideal for all degreasing operations where quick evaporation and low residue qualities are required.

DIRECTIONS:

Rapid Evaporating Degreaser can be used as a dip degreaser. Spraying and brushing are also effective methods of application. The applicator should test all surfaces for compatibility prior to the application. Apply Cyndan Rapid Evaporating Degreaser to the surface, remove debris by air if available. No method of removing the solvent is necessary as it will evaporate instantly.

SAFETY: Avoid contact with eyes.

FIRST AID: If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes.
