Fragranced odour neutraliser

Cyndan Scentsations is pleasantly fragranced odour neutraliser. It does not mask odour, rather it targets unpleasant odours and chemically neutralises it, replacing it with a pleasant lingering fragrance.

Scentsations also contains an anti-bacterial compound which acts on odour producing bacteria. Therefore areas that experience unpleasant odours due to bacteria benefit from using Scentsations, such as: locker rooms, musty basements, community garbage rooms, hospitals, gyms and much more.

Cyndan Scentsations offers a variety of fragrances containing natural extracts to suit any environment to create a pleasant atmosphere for staff, customers and visitors.

Use with Cyndan Aerosol Dispenser Pods for an automatic and economical dispersion of Scentsations.

Great for use in:

- ✓ Offices
- ✓ Gyms
- ✓ Locker Rooms
- ✓ Toilets
- ✓ Community Garbage rooms
- ✓ Retail stores
- ✓ Hallways
- ✓ Musty areas
- ✓ Hospitals
- ✓ Nursing Homes
