SENTINEL AEROSOL

Kills & Repels:
flies, mozzies, ants, cockroaches & more...

Biodegradable

Natural ingredients

Safe & effective

REPEL FLIES NOT CUSTOMERS

Safe, effective insect protection

Cyndan Sentinel is a biodegradable insect killer and repellant that is effective on all insects such as flies, mosquitoes, ants, cockroaches, spiders, silverfish, wasps, flees, dust mites and more. Regular use establishes a 'protective barrier zone'.

It uses natural pyrethrins (extracted from the chrysanthemum daisy) to kill and repel insects which is safe to people and around food. A must for cafes, alfresco dining, deli's, butchers and any establishment where flies and insects are a turn off for customers.

Cyndan Sentinel provides a safe & comfortable environment for pets and livestock from the irritation of insects and bacteria carrying pests. Use confidently in stables, piggeries, hatcheries and anywhere livestock or pets are housed. Sentinel offers protection of valuable assets such as warehoused stock & grains from insect infestation.

Cyndan Sentinel improves the comfort of the environment in offices, patios, retail stores, hotels, clinics and an endless variety of establishments.

Use with Cyndan Robosol Automatic Dispenser Unit (ADU) or Aerosol Dispenser Pods for regular, economical dispersion of Sentinel. Ask your Cyndan consultant to evaluate your area.

A must for:

- ✓ Cafes
- ✓ Deli's
- ✓ Butchers
- ✓ Warehouses
- ✓ Stables/farms
- ✓ Offices
- ✓ Storerooms
- ✓ Hotels
- ✓ Clinics
- ✓ Garbage rooms
