Heavy Duty Safety Degreaser & Multi Purpose Cleaner

Cyndan U Beaut is a heavy duty, water based degreaser specifically formulated to remove grease, wax and soot. U Beaut has been formulated as a superior substitute to replace dangerous hydrocarbon or caustic based products.

It is biodegradable, non-toxic, non-corrosive, non-flammable and has no offensive odour. Use it for safe removal of industrial grease, cleaning of hard floor areas, as a spray and wipe for cleaning truck and car engines, and for machine parts and vehicles in the mining industries. It provides an easier, faster method for removal of contaminants and it's low suds surfactant means the grease and oil just washes off.

Cyndan U Beaut is a industrial strength concentrate providing an economical solution. Dilutes with water up to 1:40, and will work unassisted in dilutions of up to 1:15.

Also ideal for removing ink in the printing industries; texta graffiti off tiles and glass; grease in commercial kitchens; for dirty, greasy hire equipment; grime from tarpaulins & awnings; floors, and anywhere that is greasy or dirty.

For use:

- ✓ Industrial plants
- ✓ Automotive
- ✓ Printing
- ✓ Transport
- ✓ Mining machinery
- ✓ Hire Equipment
- ✓ Commercial Kitchens
- ✓ Floors
