U B C

250g/L SODIUM HYDROXIDE

UN 1760 HAZCHEM CODE 2X PACKAGING GROUP II

MULTI FUNCTIONAL HEAVY DUTY DEGREASER AND CLEANER

CYNDAN* U.B.C. is an extremely good degreaser for heavy equipment and motor vehicles. The speed and effectiveness of CYNDAN* U.B.C. degreasing ability has found it widely accepted in the motor vehicle detailing trade. When diluted with water CYNDAN* U.B.C. results in an extremely economical product.

DIRECTIONS:

Because of the very aggressive nature and strength of CYNDAN* U.B.C. caution should be exercised when this product is used for detailing around painted areas. CYNDAN* U.B.C. WILL DAMAGE DUCCO. To prevent this damage the operator, before applying the CYNDAN* U.B.C. should flood the paintwork with water in order to protect it, or cover it with appropriate covering. If damage does occur, appropriate cutting and polishing on most occasions will remove the stain. When diluting, however, CYNDAN* U.B.C. on many occasions can be used safely and will result in an extremely safe and economical cleaning process. Testing is appropriate on inconspicuous panels in order to gauge reaction. Dilute CYNDAN* U.B.C. with 10 to 20 parts of water, gauge reaction, treat the area required and rinse immediately.

DO NOT USE ON ALUMINIUM EQUIPMENT. THIS SUBSTANCE IS CAUSTIC.

SAFETY: Corrosive. Avoid contact with eyes and skin. Wear protective clothing, gloves and eye protection.

FIRST AID: If swallowed, do NOT induce vomiting, give a glass of water and seek medical attention. Contact the Poisons Information Centre (13 11 26 Australia; 0800 764 766 New Zealand). If in eyes, hold eyelids open and flush with water for at least 15 minutes. If skin contact occurs, remove contaminated clothing and rinse for 15 minutes with soap and water. Ensure clothing is washed thoroughly before using again.
