

Cyndan* WWW.

WASH N WAX WITHOUT WATER

**For the regular cleaning of vehicles and equipment
NON-TOXIC Environmentally Responsible.
Saves Australias precious resource, Water**

CYNDAN* WWW. is an Australian researched and manufactured product. You no longer need to clean with conventional buckets, soap, hoses, sponges or chamois.

CYNDAN* WWW. will wash, polish and then by way of a microscopic film, protect all surfaces, which have been cleaned.
Ideal for Cars, Boats, Motorbikes, Trucks, Glass, Chrome, duco etc.

Directions For Use:

Shake before use. Ensure the surface to be cleaned such as vehicle duco is not hot from sun or engine heat. apply Cyndan WWW. to workable sections of the vehicle or equipment at a time.

Spray Cyndan WWW. onto the panel as a fine mist spray. If the dirt is heavy apply more product. (NB The product is not intended to clean equipment or vehicle with heavy mud and grease. If this is required see your Cyndan Representative for an appropriate product.)

Once applied Cyndan WWW. should be wiped over and removed from the surface with a microfibre cloth. We recommend the Cyndan Miracle Mit. Next using another microfibre cloth or Cyndan Miracle Mit buff the surface to a high gloss finish. Your asset is now cleaned and protected. Repeat as necessary.

COVERAGE:
A litre of this product will clean approximately 9 – 15 vehicles depending on the size and condition of the vehicles.
