## Biodegradable, Non conductive solvent

**Cyndan Citrasolve** is a natural renewable resource based solvent derived from orange peel. Citrasolve is not a scheduled poison. It is biodegradable, yet is highly effective in dissolving grease, oils, waxes, inks and tar based products instantly.

It is highly refined, quick drying, residue free, non conductive and non corrosive.

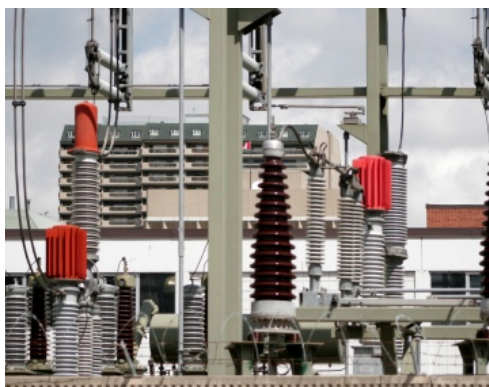

Use it effectively in automotive, hospitality and waste management industries. Citrasolve may be applied by spray, dip or brush method.

For an aerosol product with similar properties and features as citrasolve, please ask your Cyndan representative for a demonstration of Citraerosol.

**AQIS Approved Category 3 General Cleaner Type C**
