

# CITRAEROSOL

Non Flammable

Non Conducting

Non Residual

Rapid evaporating

## Contact Precision Solvent

Cyndan Citraerosol is a rapid evaporating aerosol solvent for contact cleaning and degreasing of precision and electrical components.

It is non-flammable, non-conducting and leaves no residue.

Cyndan Citraerosol can be used to clean braking equipment and for degreasing small motors especially if these contain electrical components. Due to its non-residual degreasing formula, it is also useful for surface preparation prior to patching or application of adhesive.

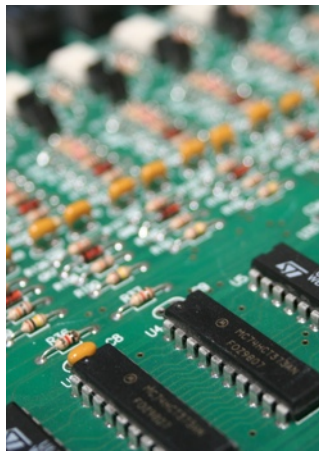

A must for all electrical & telecommunication maintenance personnel, electricians and electrical mechanics.

### FEATURES

Non Flammable  
Non Conducting  
Non Residual  
Rapid Evaporating

### BENEFITS

Won't ignite near electrical sparks  
Safe for use on electrical components  
No shorting or damage of circuitry  
Quick and easy to use

*Degrease & Clean:*

**Fuse boxes**

**Transformers**

**Substation Relays**

**Powerboards**

**Contacts on  
motors**

**Circuits**

**Cables**

**Switches**

**Small engines**

**CYNDAN**
